TELECOMMUNICATIONS

# KX-FM388CX

Sophisticated Communication  
with Plain Paper Convenience

## Multi-Function System\*1

The KX-FM388CX can be connected to PCs running Microsoft® Windows® 98/Me/2000/XP/Vista 32bit\*1 to work as an advanced multi-function system such as a PC printer, PC scanner or PC fax.

## Multi-Function with USB PC Interface\*1

The KX-FM388CX comes standard with a USB 2.0 interface for easy connection to a PC. For Microsoft® Windows® 98/Me/2000/XP/Vista 32bit\*1.

## Fully Digital Answering System

The system answers all your calls, records messages and receives faxes while you are away. The digital system makes operation virtually silent and instantaneous.

## Advanced Features

### 28-Page Document Memory\*\*3

The system can store up to 25 pages in its built-in memory for transmission. Ideal for broadcasting multi-page documents to multiple locations. This feature will also allow the unit to receive documents up to 28 pages if it has run out of paper.

### Enhanced Copier Functions

This fax provides you every copying feature you need, in one machine. The Enlarge (200/150%), reduce (92/86/72%), collate (sort), make up to 50 copies. Furthermore this fax performs a range of advanced copier functions.

### Navigator Key for Easy Operation

The navigator key lets you easily control the volume and ringer level, as well as the phone directory & dialer, and other advanced functions.

### Informative 2-line LCD Screen

The 2 x 16 character LCD readout indicates operating modes, memory contents, clock time, and telephone number dialed. Also it helps during programming system features or storing telephone number in directory.

## Other Features

- Sequential Broadcasting (20 Locations)
- Quick Scan
- 64-Level Halftone Resolution
- Polling Function
- Error Correction Mode (ECM)
- Friendly Fax Reception
